ACADEMIC PROFILE

Management researcher specializing in Artificial Intelligence (AI), social commerce, digital marketing, and consumer behavior. My research examines how AI-enabled technologies influence consumer purchase decisions, trust, perceived value, and repurchase intention, with a particular focus on digital commerce and service industries in emerging economies. My work integrates technology adoption theories, behavioral models, and quantitative research methods to investigate AI-driven business transformation. I have published in peer-reviewed journals and international conferences while bringing over nine years of university teaching, academic leadership, and graduate research supervision experience in management and marketing disciplines.

RESEARCH INTERESTS

Artificial Intelligence in Marketing • Social Commerce • Consumer Behavior • Digital Marketing • Technology Adoption • Human–AI Interaction • Consumer Decision-Making • Trust, Perceived Value, and Perceived Risk • Quantitative Marketing Research

EDUCATION

Ph.D. in Management (Research Proposal Approved) Faculty of Management, Tribhuvan University, Nepal <i>Research Topic:</i> AI-Driven Social Commerce Features and Consumer Purchase Decisions for Fashion Apparel: The Mediating Role of Trust, Perceived Value, and Perceived Risk	2026 – Present
M.Phil. in Management Faculty of Management, Tribhuvan University, Nepal <i>Thesis:</i> Examining the Impact of AI Technology on Repurchase Intention in Flight Booking	2024
Master of Business Administration (MBA) Dr. A.P.J. Abdul Kalam Technical University, India <i>Project:</i> Marketing Strategies Adopted for Sales in HCL Infosystems Ltd.	2016
Bachelor of Business Administration (BBA) Chhatrapati Shahu Ji Maharaj University, India	2013

RESEARCH EXPERIENCE

Ph.D. Researcher2026–Present

Faculty of Management, Tribhuvan University

- Research area: Artificial Intelligence, Social Commerce, Consumer Behavior
- Developing AI-driven consumer purchase decision models
- Applying PLS-SEM and quantitative research methods

M.Phil. Researcher2022–2024

Faculty of Management, Tribhuvan University

- Investigated AI adoption and repurchase intention in airline booking.
- Applied regression analysis and structural equation modeling.

WORK EXPERIENCE

Adjunct FacultyOct 2025 – Present

Kathmandu Model College (KMC), Bagbazar, Kathmandu, Nepal

- Teach undergraduate courses in the Bachelor of Business Administration (BBA) and Bachelor of Business Management (BBM) programs affiliated with Tribhuvan University.
- Deliver interactive lectures using case studies, discussions, and problem-based learning approaches to enhance students’ analytical and managerial competencies.
- Mentor undergraduate students in academic projects, presentations, and research-based assignments.
- Develop course materials, assessments, and classroom activities aligned with learning outcomes and contemporary management practices.
- Foster critical thinking and practical application of management concepts through industry examples and experiential learning.

MBA CoordinatorOct 2024 – Aug 2025

South Western School of Management and Technology

- Coordinated MBA program administration, including curriculum planning, faculty scheduling, and quality assurance to ensure effective program delivery.
- Led student recruitment and promotional activities, contributing to MBA admissions and enrollment initiatives.
- Designed and delivered graduate-level courses in Research Methodology, Marketing, Human Resource Management, and Organizational Behavior.
- Supervised MBA students in research proposal development, quantitative data analysis, and thesis writing.
- Provided academic advising and career mentoring to support students’ academic and professional development.
- Established collaborations with faculty, industry partners, and alumni to strengthen experiential learning, internships, and professional networking opportunities.
- Promoted case-based, experiential, and research-oriented learning approaches to enhance students’ critical thinking and problem-solving skills.

- Designed and delivered undergraduate courses in Management, Human Resource Management, Marketing, Organizational Behavior, and Entrepreneurship.
- Developed course materials, assessments, and learning activities aligned with outcome-based education principles.
- Supervised undergraduate student research projects and provided guidance on research methodology and academic writing.
- Participated in curriculum development, faculty development programs, and institutional quality enhancement initiatives.
- Conducted scholarly research and contributed to academic publications and conference activities.
- Mentored students through academic advising and supported their professional and personal development.

- Lead and supervise customer service teams, fostering effective communication, collaboration, and professional development.
- Design and deliver employee training programs to improve communication, customer engagement, and service quality.
- Monitor team performance using operational metrics to identify improvement opportunities and enhance efficiency.
- Collaborate with management to implement strategic initiatives that improve customer satisfaction and operational effectiveness.
- Mentor team members through regular coaching, performance evaluation, and continuous feedback.

COURSES TAUGHT

Graduate: Research Methodology, Marketing for Managers, Training and Development, Organizational Behavior, Strategic Management

Undergraduate: Principles of Management, Human Resource Management, Organizational Behavior, International Business, Small Business Planning and Management, Human Resource Management in Hospitality, Strategic Management, Distribution Management

RESEARCH & TECHNICAL SKILLS

Research Methods	Quantitative Research, Survey Design, Questionnaire Development, Literature Review, Hypothesis Development
Statistical Analysis	Descriptive Statistics, Inferential Statistics, Reliability Analysis, Exploratory Factor Analysis (EFA), Regression Analysis, Structural Equation Modeling (SEM)
Software Languages	SPSS, SmartPLS, Python, Microsoft Excel, Microsoft Office English (Professional), Nepali (Native), Hindi (Professional Working Proficiency)

PROFESSIONAL DEVELOPMENT

- Faculty Development Program (Kathmandu Model College)
- Data Science (Mindrisers Institute of Technology, Kathmandu, Nepal)
- YRT Certified Yoga trainer (Shiv Tattva Yoga, Kathmandu, Nepal)
- Faculty Development Program (College of Applied Business)
